

How to Reset Casamba Password in the Web Version

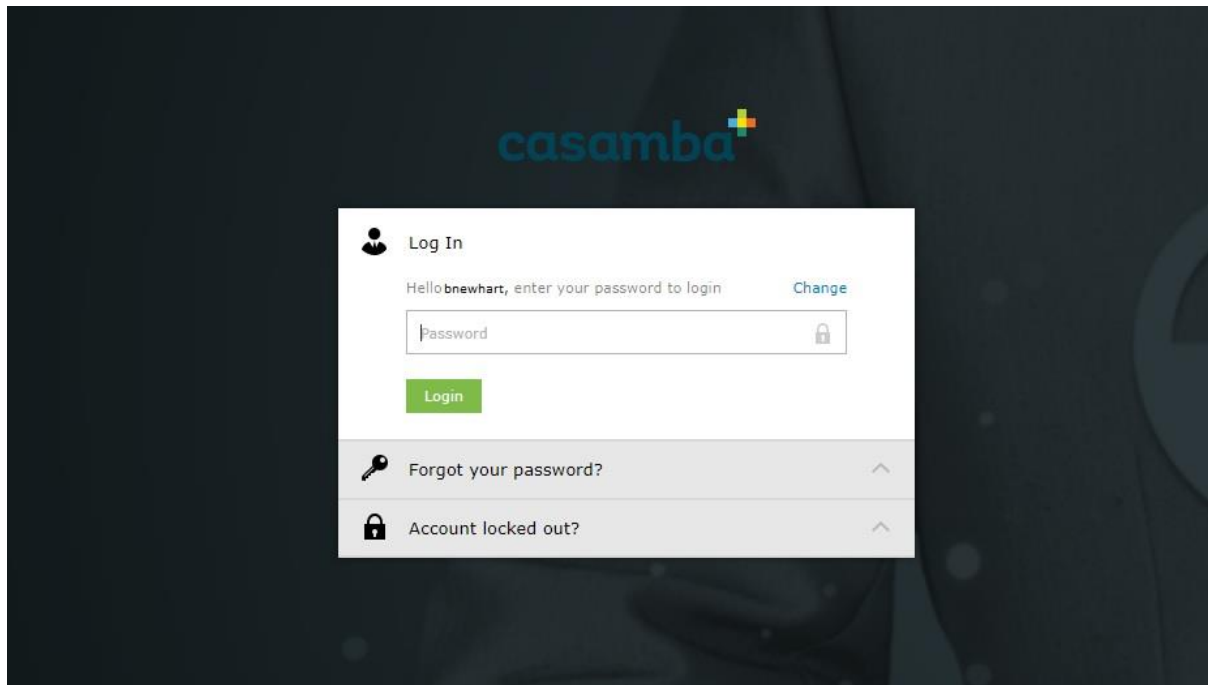

1. If you go to login to Casamba Clinic and it tells you the password is expired, put in your username and password and click on “Reset User Login”

2. It will then take you to a different website asking for your Username, input the info and click Login.

3. It will then ask you for your password, input the info and press Login.

The image shows a login form for Casamba. At the top, the Casamba logo is displayed. Below it, there is a 'Log In' section with a user icon and the text 'Hello bnewhart, enter your password to login'. A 'Change' link is visible. A password input field with a lock icon is present, followed by a green 'Login' button. Below the login section, there are two links: 'Forgot your password?' and 'Account locked out?', each with an upward arrow icon.

4. It will then take you to the screen where you can change your password.

The image shows a 'Change Password' form for Casamba. The header includes the Casamba logo and the text 'Change Password' with a help icon. The form contains three input fields: 'Old Password', 'New Password', and 'Confirm New Password'. Below these fields, there is a list of password requirements:

- The minimum password age is 0
- The maximum password age is 45
- The minimum password length is 8
- No. of passwords remembered is 4
- The password complexity property is enabled

At the bottom, there are two buttons: a green 'Change Password' button and a grey 'Cancel' button.
